PROFESSIONAL EXPERIENCE

Intella

April 2024 - Present

Backend Developer

- Built and maintained backend systems to support high-traffic applications, ensuring reliability and scalability.
- Designed and optimized database structures to improve data consistency, accuracy, and performance.
- Worked closely with cross-functional teams to deliver seamless integrations between backend services and client-facing platforms.
- Implemented security measures and best practices to protect application data and maintain system integrity.

Intella

March 2024 - April 2025

Software Tester

- Assisted in developing and executing test plans, test cases, and test scripts for various software projects.
- Collaborated with developers to identify, document, and track software defects.
- Participated in daily stand-up meetings and contributed to sprint planning and retrospective sessions.
- Utilized automated testing tools to enhance testing efficiency and coverage.
- Developed an automated testing framework using Selenium

Logical Technology Solutions (LTS)

July 2023 - Sep 2023

Salesforce Agent

During my three-month tenure at LTS Call Center, I consistently exceeded sales targets by leveraging strong communication skills and a customer-centric approach. I developed a deep understanding of our products, enabling me to address customer needs effectively and close sales efficiently. My ability to build rapport with clients resulted in a high conversion rate and positive customer feedback. This experience honed my sales techniques and reinforced my commitment to delivering exceptional service.
